SUBJECT: Scoping Cost Estimate

Attached is the scoping meeting notification letter from the Project Development and Environmental Analysis Branch for this project. Please provide the Plan Review Squad with preliminary cost estimates and any comments regarding the proposed project. Also attached for the division is a blank "Division Force Account Estimate" form. In order to provide this office adequate time to receive and incorporate your cost estimates and comments into a final response to the Project Development and Environmental Analysis Branch, please make every effort to respond by **February 24, 1999**.

Also, the Area Traffic Engineer should provide the Signals and Geometrics Section the locations of existing and proposed traffic signals as well as signal system recommendations for the project. To allow the Signals and Geometrics Section adequate response time and to determine if they need to attend the meeting, please provide signal information to them by **January 27, 1999**.

If additional information is required, please contact (Plan Review Project Engineer) or me at 250-4151. Thank you in advance for your assistance and cooperation.
